If You're Gonna Fly Away

[Faith Hill](#)

If you're gonna fly away
Don't fly without me
Don't go nowhere
I need you babe
Has the sun gone down on you?
Have you given up on truth, oh?
I wish I could say all the right things
To make your pain go away
I wish you knew how beautiful
You are in every way
When the world is falling down
Just kneel with me and pray
If you're gonna fly away
Don't fly without me
Don't go nowhere
I need you, babe
If you gonna leave this place
Take me with you
I could never live
Without you
So you'll take a thousand pills
Hoping to be numb
Lie awake in bed
Counting all that's wrong
No one understands
No one ever will
Trust me when I tell you
I know just how you feel
You had all these dreams but you're small town
Oh they kill them for you yeah
You had nothing else to do
But use and use and use and use and use
If you're gonna fly away
Don't fly without me
Don't go nowhere
I need you, babe
If you gonna leave this place
Take me with you
I could never live

Without you
I can never live without you
Just sing a song for me baby
It's not as bad as it seems no no no
What matters today won't matter tomorrow
Count all your blessings, settle all your sorrow
If you're gonna fly away
Don't fly without me
Don't go nowhere
I need you, babe
If you gonna leave this place
Take me with you
I could never live
Without you
(Na na na na)
If you're gonna fly away
(Na na na na)
To yeah yeah yeah yeah
(Na na na na)
Whoa woah oh oh
(Na na na na)
Yeah yeah yeah
If you gonna leave this place
Take me with you
I could never yeah yeah
Live without you
If you're gonna fly away
Don't fly without me
Ooo I need you
