If I Was a Bird

Fantasia

If I didn't love you so much
If I didn't care enough,
I would've been out that door
Years ago.But if I didn't get too hurt,
If you didn't choose me first,
I would've rather be alone,
By myself, at home.
I didn't want you to take my hand,
But I kinda like the thought of that in a man,
Now I'm so done with that.If I was a bird
I would fly out of here,
Forget everything
Travel the world.
If I was a bird
I would spread my wings
So I can survive and get away from you.
If I was a bird,
Oh yea
If I was a bird, if I wasn't in love.My heart was in pieces that was build up on lies
Boy, I disguise to cry, that's why I hide.
When all that's left in me,
Why would I let this be
Where is my armor to block this whole fight oh
I didn't want you to take my hand,
But I kind of like the thought of having a man
But I'm so wrongIf I was a bird
I would fly out of here,
Forget everything
And travel the world.
If I was a bird
I would spread my wings
So I can survive and get away from you.
If I was a bird, oh
If I was a bird and if I wasn't in love.
If I was a bird,
Ey if I was a bird and I wasn't in love ohI was I was
