Fight Inside

Red

Enemy familiar friend
My beginning and my end
Knowing truth, whispering lies
And it hurts again
What I fear and what I try
The words I say and what I hide
All the pain, I want it to end
But I want it again
And it finds me
The fight inside is coursing through my veins
And it's raging
The fight inside is breaking me again
It's still the same, pursuing pain
Isn't worth the light I've gained
We both know how this will end
But I do it again
And it finds me
The fight inside is coursing through my veins
And it's raging
The fight inside is hurting me again
And it finds me
The war within me pulls me under
And without you
The fight inside is breaking me again
It's nothing
(It's everything)
It's nothing
(It's everything)
It's nothing
(It's everything)
It's nothing
It's everything
And it finds me
The fight inside is coursing through my veins
And it's raging
The fight inside is hurting me again
And it finds me
The war within me pulls me under
And without you

The fight inside is breaking me again
It's breaking me, it's breaking me
I'm falling apart, I'm falling apart
