Lunatic

Elektrik People

A dim lit room, slim models backstage
Talking about careers, lying about their age
What do you do for work? I'd love to hear you sing
I said I'm not a renowned person place or thingI'm just a lunatic bitch, down deep in my flow
And if you watch me real closely I think you might know
Sick like a lunatic bitch, reppin' three one oh
Walking round town just talking to myself you knowHer voice is so loud, tried to ignore
Search for my piece, praise to my lord
Sexual conversation I am a man
Come over red rover meet the bandI'm just a lunatic bitch down deep in my flow
And If you watch me real closely I think you might know
Sick like a lunatic bitch reppin' three one oh
Walking round town just talking to myself you know
I'm just a lunatic lun-lun-lunatic deep in my flow
I'm just a lunatic lun-lun-lunatic yeahI'm fallin', fallin'
I'm fallin', fallin'
I'm fallin'I'm just a lunatic bitch down deep in my flow
And If You watch me real closely I think you might know
Sick like a lunatic bitch reppin' three one oh
Walking round town just talking to myself you knowI'm just a lunatic lun-lun-lunatic deep in my flow
I'm just a lunatic lun-lun-lunatic yeah
I'm just a lunatic lun-lun-lunatic deep in my flow
I'm just a lunatic lun-lun-lunatic yeah
