Sweetness and Light

Konoba

Breathe it in,
breathe in.
Love inside (in sight?).
Everything, is gold
Sweetness'n light.

I get so high
with you
in my arms
and the sound
of the rain
falling - outside.
The moon is high
the light
across your face
your smile
lay your head down on me-.

I get so low
when youâ€™re
gone
in the night
for to long
and your scent
is a - faint memory.
Iâ€™m gonna close
my eyes
feel your lips
with mine
and breathe it in
slowly.
