

Hangin' 'Round the Mistletoe

Alabama

Snowy days and frosty night, everything looks cold and white
Hangin' 'round the mistletoe, hangin' 'round the mistletoe Christmas day will soon be here, and everybody's full
of cheer
Hangin' 'round the mistletoe, waitin' for you dear Well, I've waited all year long and nore the year is almost
gone
Hangin' 'round the mistletoe, hangin' 'round the mistletoe But if that's what I've gotta do just to get a kiss from
you
Hangin' 'round the mistletoe, waitin' for you dear Christmas is a special time to give and to receive
For every little kiss you give me I will give you three You ain't gonna miss one kiss, that's one thing you'll
never miss
I'm hangin' 'round the mistletoe waitin' for you dear Well, I've had my eyes on you for a long, long time
So, I'm asking Santa please, make that pretty girl mine Waited till I'm cold and blue just to get a kiss from you
I'm hangin' 'round the mistletoe, waitin' for you dear Hangin' 'round the mistletoe, waitin' for you dear
