

# Cowboy

## The Sugarcubes

Cowboy, cowboy, in the big town

I'm a cowboy in the big town

I'm looking for my pony

A mans best friend is his pony

Aaah!

I'm a cowboy

Aaah, cowboy!

I need my pony

I lost my pony

In the big town

I'm a cowboy in the big city

Looking for my pony

I'm a cowboy x3

I'm not alone

Not lonely

Not alone

Not lonely

I'm a cowboy

I'm stuck like

A cowboy

In the big city

Björk

And he affects me

The odour of his skin, oh

It works in my head

I wanna eat him

I wanna be in him

Einar

I'm a cowboy

Smelt like I sat in

In a tine-mine

Nose is struck

In the back

My back is struck

But who knows I am

I am a  
Cowboy!  
Cowboy!

On the second floor  
On a brass bed  
In a big city  
I found my pony  
But I paid a prize  
I got a silver-bullet  
Through my heart  
I'm a were-cowboy  
I am a were-cowboy  
A weeere  
Weeere-cowboy

A were-cowboy  
Were-cowboy  
Weeere-cowboy  
I am a were-cowboy  
Cowboy!
