Before Tomorrow Comes

Alter Bridge

I couldn't sleep, I had to listen
To a conscience, knowing so well
That nothing comes from indifference
I look inside of myself
Will I find some kind of conviction
Or will I bid the hero farewell?
Will I be defined by things
I could've been?
I guess time will only tell
I guess time will only tell
So don't let it be
Before tomorrow comes, before you turn away
Take the hand in me before tomorrow comes
You can change everything
I curse my worth and every comfort
It blinded me for way too long
Damn it all, I'll make a difference
From now on
'Cause I'm wide awake to it all
'Cause I'm wide awake to it all
So don't let it be
Before tomorrow comes, before you turn away
Take the hand in me before tomorrow comes
You can change everything
Does anyone care, it ain't right what we're doing?
Does anyone care, it ain't right where we're going?
Does anyone dare justify how we're living?
Does anyone here care at all?
So don't let it be
Before tomorrow comes, before you turn away
Take the hand in me before tomorrow comes
You can change everything
We could be so much more than we are
We could be so much more than we are
We could be so much more than we are
Oh, this much I know
