

# Before Tomorrow Comes

## Alter Bridge

I couldn't sleep, I had to listen  
To a conscience, knowing so well  
That nothing comes from indifference  
I look inside of myself  
Will I find some kind of conviction  
Or will I bid the hero farewell?  
Will I be defined by things  
I could've been?  
I guess time will only tell  
I guess time will only tell  
So don't let it be  
Before tomorrow comes, before you turn away  
Take the hand in me before tomorrow comes  
You can change everything  
I curse my worth and every comfort  
It blinded me for way too long  
Damn it all, I'll make a difference  
From now on  
'Cause I'm wide awake to it all  
'Cause I'm wide awake to it all  
So don't let it be  
Before tomorrow comes, before you turn away  
Take the hand in me before tomorrow comes  
You can change everything  
Does anyone care, it ain't right what we're doing?  
Does anyone care, it ain't right where we're going?  
Does anyone dare justify how we're living?  
Does anyone here care at all?  
So don't let it be  
Before tomorrow comes, before you turn away  
Take the hand in me before tomorrow comes  
You can change everything  
We could be so much more than we are  
We could be so much more than we are  
We could be so much more than we are  
Oh, this much I know
