

Louder Than the Mob

The O.C. Supertones

I know I'm just another Judas, kiss Your face
While I drive the nail in Your hand
I know I'm just another Thomas, won't believe
Until I feel the hole in Your hand Then I will say, my God, I see not what You see
My God, what do You see in me?
My God, crowned in glory
The Lamb of God is worthy My sin yell, "Crucify"
Louder than the mob that day
My sin yell, "Crucify"
Louder than any mouth My sin yell, "Crucify"
Louder than the mob that day
My sin yell, "Crucify"
Crucify, crucify I know I'm just another Judas, kiss Your face
While I drive the nail through Your hand
And I know I'm just another Thomas, won't believe
Until I feel the hole in Your hand Then I will say, my God, I see not what You see
My God, what do You see in me?
My God, crowned in glory
The Lamb of God is worthy My sin yell, "Crucify"
Louder than the mob that day
My sin yell, "Crucify"
Louder than any mouth My sin yell, "Crucify"
Louder than the mob that day
My sin yell, "Crucify"
Crucify, crucify Then I will say, my God, I see not what You see
My God, what do You see in me?
My God, crowned in glory
The Lamb of God is worthy
My God, crowned in glory
The Lamb of God is worthy My sin yells, "Crucify"
Louder than the mob that day
My sin yell, "Crucify"
Louder than any mouth My sin yell, "Crucify"
Louder than the mob that day
My sin yells, "Crucify"
Crucify, crucify
