

Why

The Naked Brothers Band

Every time I have a thought, a memory
Of all the bad things that you did to me
Everybody talks, everyone was shocked
It nearly broke my heart when I heard
That it was all wrong, that it was all wrong

Why did you do it?

Why did you say it all again?

Why did you do it?

Why did you say it all along?

Why did you do it?

Why did you say it?

I wanna know

Why did you do it?

Did you do it?

Why did you do it

Say it all again

Why did you do it?

It wasn't about the truth, it wasn't about the lie

It's just the fact that you made me cry

You didn't even try, I really wanna sigh

I'm sorry but I have to say goodbye, say goodbye

You made me cry

You didn't even know

That you made me cry

Why did you do it?

Why did you say it all again?

Why did you do it?

Why did you say it all along?

Why did you do it?

Why did you say it?

I wanna know

Why did you do it?

Why did you do it?

Why did you say it all along?

Why did you do it?

Why did you say it all again?

Why did you do it?

Why did you do it?

Why did you say it all along?

I wanna know
