

I Wanna Kiss You

Classy Silhouette

What would you do
If I choose to
Kiss You right now
Would you feel me?
Would you still be my best friend?
Oh Oh Oh Oh I wanna kiss You
Don't you wanna kiss me?
Let me kiss you (I Just want to kiss you)
I wanna kiss you
Will you kiss me (I just want to kiss you)
If I kiss you
That's what I wanna do (Tell me what would you do)
Will you kiss me back?
I just want to kiss you
Tell me what would you do?
If I turned and kissed you
I wanna kiss you
I wanna kiss you
Will you kiss me?
Will you kiss me?
I'm gonna kiss you
I'm gonna kiss you
Will you kiss me?
When I kiss you
Will you kiss me back?
If I kiss you
I'm gonna kiss you
I'm gonna kiss you
I wanna kiss you
I wanna kiss you
I'm gonna kiss you
But I don't wanna piss you off I've been thinking bout kissing you
Were you thinking bout kissing me too
I been thinking bout kiss you
Thinking bout making you my boo
I been thinking about kissing you
Wanna see if this thing is true
Think I feel a chemistry
There's a vibe between me and you

There's some kind of chemistry
Makes me want to kiss you
Tell me friend what would you do
If I turned around and kissed you
I wanna kiss you
Don't you wanna kiss me?
Let me kiss you
That's what I wanna do
My friend my friend my friend my friend
What would you do?
