Kill the TV

Chad Frey

You watch the tv
Cause reality is depressing
But nothing is good on

So you flip the channels
Till something good comes on
Re-runs all the time
And reality shows became such a bore

There's so much to do
Alot of things to be done
The tv doesn't own you
So shut it off

I know you tried
And need hours to kill
Relax and get your sleep
Wake up from a bad dream

There's so much to do
Alot of things to be done
The tv doesn't own you
So shut it off

Go kill the tv
Its no longer depressing me
For now I am free
