Moments with Oliver

Rachael Yamagata

I was walking into the psychiatrists office when I met him
He was sitting there, looking cute
He had schitzophrenea
He was rich, he became my best friend
My boyfriend wasn't happy that I always hung out with him
Cause he became obsessed with me
He pretended to take a lot of pills to scare me
So I went to his penthouse in his hotel and stayed with him
Despite my boyfriends objections
He held a gun to my head and threatened to kill me if I left him there
I put him in a mentally crazy hospital and my boyfriend left me
For another girl who looked like Norah Jones because I'm a loser
