

# Hard In The Paint

## Hamilton Park

Just a commitment seemed so simple  
But I thought that we were homies  
You said that you loved me  
But I said nothing at all  
And now I'm so lonely  
Just a simple I love you  
Too little too late  
I'm praying there's no one new  
Cause I hesitate  
And now I'm going hard just to prove  
My love and I'll do whatever for you baby

[Chorus]

And now I'm going hard in the paint  
Hard in the paint for my baby I hope  
It's not too late, Not too late for us baby  
And now I'm going hard in the paint  
Hard in the paint for my baby I hope  
It's not too late, Not too late for us baby

No keys, No lease, no life without me  
Was more than four letters that  
Got you to doubt me  
Cause lonely ain't poppin'  
And the pain it ain't stoppin'  
Can't take back the hands  
Wish I could do it again  
Living with regrets I'm cool on that  
I'm hopeless without you I gotta have you back  
The best thing I ever had I was too cool to cuff  
You're in love but don't say it

[Chorus]

Say if you know you love her do anything for her  
Say I'm going hard for you  
If you can't live without cherish everything about  
Say I'm going hard for you  
I'm down on one knee for the whole to see  
I'm going hard for you

I'm calling for your father  
To ask em for his daughter

And now I'm going hard in the paint  
Hard in the paint for my baby I hope  
It's not too late, Not too late for us baby  
And now I'm going hard in the paint  
Hard in the paint for my baby I hope  
It's not too late, Not too late for us baby
