Dance With Me (EP Version)

Adam Green

Heart and soul
Baby, there's no goal
Turn the lights on bright
You're a rock and roll starFeel my love
Coming from the heavens above
When my eyes meet your eyes
You know it's trueBaby, come dance with me
Baby, come dance with me
On TV, at the TV stationBaby, come dance with me
Baby, come dance with me
On TV, at the TV stationYou are lost and I'm at home
And nobody wants
To be here aloneOoo, baby's in mint condition
Man, I'm doin' some dirty wishin'
Let's both get on that rocket to the starsBaby, come dance with me
Baby, come dance with me
On TV, at the TV stationBaby, come dance with me
Baby, come dance with me
On TV, at the TV stationBaby, come dance with me
Baby, come dance with me
On TV, at the TV stationBaby, come dance with me
Baby, come dance with me
On TV, at the TV stationBaby, come dance with me
Baby, come dance with me
On TV, at the TV stationBaby, come dance with me
Baby, come dance with me
On TV, at the TV station
