

# Dance With Me (EP Version)

[\*\*Adam Green\*\*](#)

Heart and soul  
Baby, there's no goal  
Turn the lights on bright  
You're a rock and roll starFeel my love  
Coming from the heavens above  
When my eyes meet your eyes  
You know it's trueBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV stationBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV stationYou are lost and I'm at home  
And nobody wants  
To be here aloneOoo, baby's in mint condition  
Man, I'm doin' some dirty wishin'  
Let's both get on that rocket to the starsBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV stationBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV stationBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV stationBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV stationBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV stationBaby, come dance with me  
Baby, come dance with me  
On TV, at the TV station
