## Shed Seven

Would you give blood if you had any  
Would you say I'm good or are there far to many fish in the sea  
    Won't you please say that again  
        Shame on you  
    There's something in my head  
        And it's got it's back to me  
    One day I think you'll sing my praises  
    But at the moment you're far too lazy to  
        Get down on your knees  
    I'm begging please say that again  
    I'll carry on for as long as I have to  
Come round to my house, and I'll show you how to  
    Get down on your knees  
    I'm begging please say that again  
        Shame on you  
    There's something in my head  
        And it's got it's back to me  
Would you walk near me if you knew how to  
Could I ever see you and do you know how to  
    Get down on your knees  
    I'm begging  
    Please say that again  
        Shame on you  
    There's something in my head  
        And it's got it's back to me  
    There's something in my legs  
        And they never walk to me  
Would you give blood if you had any  
Would you say I'm good or are there far to many fish in the sea  
    Won't you please say that again  
        Shame on you  
    There's something in my head  
        And it's got it's back to me  
        Shame on you  
    There's something in my legs  
        And they never walk to me  
        Shame on you  
    There's something in my head  
        And it's god it's back to me
