# Heavy On Your Love

## REO Speedwagon

I'm gettin' heavy on your love every night
Gettin' ready for your love with all of my might
I will have you on love, never stayed around love
Aw, but you make me deadlyI was lost but now I've found
But havin' you around has made me heavy
Heavy on your loveHeavy on your love, old enough to wait
Got a letter full of love and it's just about to break
'Cause my love was never real, I could touch but never feel
Ah, but you make me [Incomprehensible]I was lost but now I've found
Havin' you around has made me heavy
Heavy on your love
