

Oh Girl Youâ€™re the Devil

MIKA

She's a girl with a bag full of hearts and a devil's eyes
Crazy kids in the wild on the run to the county line
Shotgun for a tongue but says just what she likes
Oh girl you're the devil
Oh girl you got the devil inside And I said follow me
Whoever you want to be
Don't care where you where you go
As long as you stay with me
And I said
Whoever you want to be
Don't care where you where you go
As long as you stay with me Oh girl you're the devil
She's a bad bad girl
Oh girl you got the devil inside Growing up as a son of a preacher in a Catholic school
Jumps out of the closet head first no parachute
Bought a one-way ticket on a Greyhound out of town
Oh boy you're the devil
Oh boy you're the devil I found And I said follow me
Whoever you want to be
Don't care where you where you go
As long as you stay with me
And I said follow me
Whoever you want to be
Don't care where you where you go
As long as you stay with me Oh girl you're the devil
She's a bad bad girl
Oh girl you got the devil inside
A very bad girl Oh boy you're the devil
He's a bad bad boy
Oh boy you've got the devil side
A very bad boy
She's a bad bad girl
A very bad girl
He's a bad bad boy
A very bad boy
