Real Real Love

Zoot Woman

Hard to lock him on the move
Too high to hope for any clue
There's no largip(?) theres no proof
This time you're falling
Now that the feelings gone
You've lost you've won
Something from nothing comes
This is when the heart beats real real love
You've got your night eyes on
Feels so far so far removed
Got an appetite for you
But there's nobody in the room
Think you need more to cancel him
Demonstrate it like a phone
Now that the feelings gone
You've lost you've won
Something from nothing comes
This is when the hearts beats real real love
It's real real love
Storm exhaule on heavy feet
Confusion greets down where they meet
Think you need more to kiss him demonstrate it like a fool
Now that the feelings come
You've lost
You've won
Something from nothing comes
This is when the heart beats real real love
Now that the feelings gone
You've lost
You've won
Something from nothing comes
This is when the heart beats real real love
It's real real love
I'ts real real love
