

Hey School Boy

Stefy

Hey school boy
Come over here
Tell me your name
Whisper in my ear
Wayo, wayoHey school boy
You're only 17
You live down the street
I think you know what I mean
Wayo, wayoBelong to me because tonight
You make my world feel right
Yeah, it's you and me, it's you and me, it's you and me tonight
Tonight, it's you and me tonight, hey school boyI'm in the car outside
One has to know
After school gets out
Sneak ya into the show
Wayo, wayo, yeahRight beside of the stage
And it's plain to see
You're the one that goes
But you're comin' home with meBelong to me because tonight
You make my world feel right
Yeah, it's you and me, it's you and me, it's you and me tonight
Tonight, it's you and me tonight, hey school boyYou kiss and tell
Boy, I don't mind
Don't be afraid
I've got nothin' to, nothin' to hideBelong to me because tonight
You make my world feel rightBelong to me because tonight
You make my world feel right
Yeah, it's you and me, it's you and me, it's you and me tonight
Yeah, it's you and me, it's you and me, it's you and me tonight
Tonight, it's you and me tonight, hey school boy
Hey school boy
