

Fo' Sho'

Yolanda Adams

You may see me laughing
You may see me crying
You won't see me give up
I'll just keep on trying Though sometimes it get hard
Hard to see my way
But I've got you in my life
It's makes it all okay Looks comes today
When you're treating me this way
And I thank you Lord, for treating me so good There are times when I get scared
But I'll know that you'll be there
And you'll pull me out of it fo' sho' There are times I'm up
There are times I'm down
There are times I'm smiling
There are times I'm frown Sometimes I've done wrong
I still sing my song
Even when I'm weak
I know you make me strong Looks comes today
When you're treating me this way
And I thank you Lord, for treating me so good There are times when I get scared
But I'll know that you'll be there
And you'll pull me out of it fo' sho' Fo' sho', fo' sho'
Things are gonna work out fo' sho'
Fo' sho', fo' sho'
Things are gonna work out fo' sho' I've learned how to do with
How to do without
When to shut my mouth
When to speck out loud I'm happy to know
Have you as my friend
Others will come and go
But you'll be there till the end Looks comes today
When you're treating me this way
And I thank you Lord, for treating me so good There are times when I get scared
But I'll know that you'll be there
And you'll pull me out of it fo' sho' Fo' sho', fo' sho'
Things are gonna work out fo' sho'
Fo' sho', fo' sho'
Things are gonna work out fo' sho' Fo' sho', fo' sho'
Things are gonna work out fo' sho'
Fo' sho', fo' sho'

Things are gonna work out fo' sho'
