

# Saved

## Kutless

You ask me why I need this faith  
I tell you now it's the only way  
To be set free from all your pain  
You must accept these words I say  
I need your focus just this day  
Let me reveal to you a friend  
He'll give you purpose and eternal life  
He is the Christ and to Him I say I know that You are the only way  
To be saved from my infirmity  
You shed Your blood  
You gave Your love away  
Oh all to cover me I tell you now that He is the way  
Jesus You ransomed my frailty  
Yes I found I know He is the truth  
The truth the life and the way  
The way I know that You are the only way  
To be saved from my infirmity  
You shed Your blood  
You gave Your love away  
Oh all to cover me I cry out to You  
With the love that fills my heart  
I give my life to You  
In faith I won't depart Oh now won't you come and take Him in  
He'll be more than you could ever dream  
It's Jesus Christ in Him we trust  
He is the truth the life and the way  
The way, the way, the way  
To be saved I know that You are the only way  
To be saved from my infirmity  
You shed Your blood  
You gave Your love away  
Oh all to cover me I cry out to You  
With the love that fills my heart  
I give my life to You  
In faith I won't depart  
I know it'll be all right, okay
