

Is Guava a Donut?

Renaldo & The Loaf

Excuse me...

Excuse me, could you tell me please...

Excuse me sir...

Is Dover a seaport? Sure it's a seaport. Pardon me...

Please sir...

Pardon...

Pardon me but...

Has Grover a passport?

I hope so! Please sir I say...

Just one second please...

I say...

I say!

Do gophers eat peanuts? I'm not sure! Hmm...

I hope you don't mind me asking.

It's been on my mind for some years now...

It's important...

Is guava a donut? What?

What! What, you say! You know, if I had a mind I could get quite mad, but I bite my bottom lip and persevere,
a lad needs to know, y'know, y'know, y'know...

Excuse me...

Excuse me...

But I still have questions...

Sir... Is Ghana a blood sport? Don't be ridiculous! You know, I still have questions.
