

Bodyshakin'

911

You got my body shaking
Sends a shiver to my soul
I didn't get no warning
You got me shaking to the bone I got my secret weapon
I'm gonna get you all alone
Yeah, yeah
So let your body lose control I was the boy walking tough, king of the street
Believed in making my own destiny, yeah
Victim of love, I made a promise that I'd never be
Another one of love's fatalities Rule number one, was running wild and always running free
Didn't need no luck, my guardian angel looking over me
You passed me by, I got the vibe, left me in disbelief
Arrow to my heart at hurricane's velocity You pierced my emotional armor
Bolt of lightning couldn't hit me harder You got my body shaking
Sends a shiver to my soul
I didn't get no warning
You got me shaking to the bone I got my secret weapon
I'm gonna get you all alone
Yeah, yeah
So let your body lose control Everybody say I aim too high, out of my league
I gotta step into reality, yeah
Different sides, different styles, certain tragedy
I got you in my sights, so please believe it's harmony You pierced my emotional armor
Bolt of lightning couldn't hit me harder You got my body shaking
Sends a shiver to my soul
I didn't get no warning
You got me shaking to the bone I got my secret weapon
I'm gonna get you all alone
Yeah, yeah
So let your body lose control This is simple as one, two, three
We've been drawn together by a love-power energy
I wanna be your lover, I wanna be your friend
I wanna be your lifetime, not just your weekend Check, check it out, check it out, check it, check it out
I wanna be home boy, ain't no doubt
I wanna be your first choice, never let you down
Love, peace, I'm out of here, brothers You pierced my emotional armor
Bolt of lightning couldn't hit me harder You got my body shaking
Sends a shiver to my soul
I didn't get no warning

You got me shaking to the bone I got my secret weapon
I'm gonna get you all alone
Yeah, yeah
So let your body lose control You got my body shaking
Sends a shiver to my soul
I didn't get no warning
You got me shaking to the bone I got my secret weapon
I'm gonna get you all alone
Yeah, yeah
So let your body lose control You got my body shaking
Sends a shiver to my soul
I didn't get no warning
You got me shaking to the bone I got my secret weapon
I'm gonna get you all alone
Yeah, yeah
So let your body lose control
