In the Sun

Hibou

Above where nothing's true, I found her
Forgetting all the youth she wants
I fall down in the shallow heat
& know she'll meet me there again
In the sun
We'll think of home
I don't know how to tell when you've gone
To someplace out of time, I keep
Reflecting every sound you make
Pretending that you're still around
When you've gone
We'll think of home
So far from home
All we see, is all to know
How could we misplace our dreams
