

# In the Sun

## Hibou

Above where nothing's true, I found her  
Forgetting all the youth she wants  
I fall down in the shallow heat  
& know she'll meet me there again  
In the sun  
We'll think of home  
I don't know how to tell when you've gone  
To someplace out of time, I keep  
Reflecting every sound you make  
Pretending that you're still around  
When you've gone  
We'll think of home  
So far from home  
All we see, is all to know  
How could we misplace our dreams
