Pumpkin

Andrew Hill

Pumpkin
Youre hollow within
More how Im to slowly
Let their harm
Give us someIts sad until
Like flowers untamed
Shine out ends
I find what will make him love me
Life is our find
Hollow is heI cant breathe and I cant see
MTV moves too fast, I refuse to understand
You go your way and Ill see mineFeels like wasted time
And it feels like I must be blind
Howd you like yourself?
You dont know yourselfTo a hollow kind, dont mind
Love is some of you
Dont dabble in fall of failure
How, how bad, ooh, oohI smell of she and I fail to be
Well anyway, well anyway, well anywaySee how high
Go onI cant see, and I cant breathe
I cant see, and I cant breathe
I cant see, and I cant breathe
I cant see, and I cant breathe
Well anyway, well anyway
