Love Kills

Robyn

If you're looking for love, get a heart made of steel
Cuz you know that love kills
Don't go messing with love, it'll hurt you for real
Don't you know that love kills?If you're looking for love, get a heart made of steel
Cuz you know that love kills
Don't go messing with love, it'll hurt you for real
Don't you know that love kills?Protect yourself cuz you'll wrack yourself
In this cold hard world, so check yourselfYou conceal your dreams and you shield yourself
'Til that one kind soul reveals itselfProtect yourself cuz you'll wrack yourself
In this cold hard world, so check yourselfYou conceal your dreams and you shield yourself
'Til that one kind soul reveals itselfIf you're looking for love, get a heart made of steel
Cuz you know that love kills
Don't go messing with love, it'll hurt you for real
Don't you know that love kills?If you're looking for love, get a heart made of steel
Cuz you know that love kills
Don't go messing with love, it'll hurt you for real
Don't you know that love kills?Mmmh and I know when you're into deep
Use to think of me sometimesStockholm syndrome in misery
There's a penalty for love crimes
(Oh yeah)Protect yourself cuz you'll wrack yourself
In this cold hard world, so check yourselfYou conceal your dreams and you shield yourself
'Til that one kind soul reveals itselfProtect yourself cuz you'll wrack yourself
In this cold hard world, so check yourselfYou conceal your dreams and you shield yourself
'Til that one kind soul reveals itselfProtect yourself
(Protect yourself, protect yourself, ...)
So check yourself
(Check yourself, check yourself, ...)Mmmh and I know when you're in too deep
You still think of me sometimesStockholm syndrome and misery
There's a penalty for love crimes
(Oh yeah)Protect yourself cuz you'll wrack yourself
(If you're looking for love)
In this cold hard world, cuz you know that love killsYou conceal your dreams and you shield yourself
(Don't go messing with love)
In this cold hard world, don't you know that love kills?Protect yourself cuz you'll wrack yourself
(If you're looking for love)
In this cold hard world, cuz you know that love killsYou conceal your dreams and you shield yourself
(Don't go messing with love)
In this cold hard world, don't you know that love kills?Protect yourself cuz you'll wrack yourself
(If you're looking for love)

In this cold hard world, cuz you know that love killsYou conceal your dreams and you shield yourself
(Don't go messing with love)
In this cold hard world, don't you know that love kills?
