That Girl (feat. Tellaman)

Calvin Fallo

Brighter days
Coldest nights
She's always there

Sunny days
Drizzling days
She's always there
Oh

I can never run away from the love she gives
It gives me wings
And make me wanna run away
To a better place
To a better place

Where our love can grow
Where we will learn more
For her I'll do anything
She rocks, she rocks my world

(Chorus)
She rocks my world
She makes me feel good
She goes all in
And never holds back
She's that girl!

She rocks my world
She makes me feel alive
She gives all of her love
And never holds back
She's that girl!

We've seen it all
We've done it all
But we never backed down
Instead we reaching for the better love

Paradise is what I call her
She always tell me something I wanna hear

Paradise that's where she takes me
?
So how can I run away
From the love she gives
She gives me wings
And makes me wanna fly away
To a better place

Repeat Chorus
For her I'll do anything
She rocks, she rocks my world
