

Telescope

[Alex Dimou](#)

Yeah,

Does you no good, if you run from me

There ain't no cheatin?, schemin? my heart don't see

You left your troubles in my head, in my head

You left your secrets in my bed, in my bed

You're like the cover of a book that's been read, baby

I know what line is coming next, coming next

Chorus:

You can't hide from me,

There ain't no tricks that you can try on me

I know your every move before you even breathe baby

Thinking you know something I don't know

But my eyes, my eyes, my eyes are like a telescope

You're kissing her, when my head is turned

You must be crazy baby, haven't you learned?

You can't deceive me silly child, silly child

I don't believe that pretty smile, pretty smile

My intuition can see for miles and miles baby

Every little sin, and everywhere you've been

Chorus:

You can't hide from me,

There ain't no tricks that you can try on me

I know your every move before you even breathe baby

Thinking you know something I don't know

But my eyes, my eyes, my eyes are like a telescope

Yeah, yeah

Like a telescope

You left your troubles in my head, in my head

You left your secrets in my bed,

Chorus:

You can't hide from me,

There ain't no tricks that you can try on me

I know your every move before you even breathe baby

Thinking you know something I don't know

But my eyes, my eyes

You can't hide from me,

There ain't no tricks that you can try on me

I know your every move before you even breathe baby

Thinking you know something I don't know
But my eyes, my eyes, my eyes are like a telescope
