Down With You

Ellie Lawson

Won't you raise you glasses
'Cause the day is nearly done
And the time has surely come
Grab my arm and follow me
Wander through the crowded bar
Though I don't know who you are

Even if I shout out
The music's too loud
I wanna give you my number
But I'm feeling too proud

Oohhh I just wanna get down with you
I just wanna get close to you
Ooooh I just need to confirm it's true
What I'd do to be alone with you

We've been dancing here all night
It's the way you catch my eye
Making me just wanna die
Never met no one like you
I don't know how you feel
But I'm sure this is real

Let me step out the light
While you find your keys
It's been the lovliest night
I don't want you to leave
Ohh no baby

Oh I just wanna get down with you
I just wanna get close to you
Oooh I just need to confirm it's true
What I'd do to be alone with you

We could sneak out a bottle and take a slow walk back to your house
We could head back to yours and make an early breakfast
Stay up all night long and chat about our childhood memories
We could hold each other drifting in and out Of sleep

Oh I just wanna get down with you
I just wanna get close to you
Oh I just need to confirm it's true
What I'd do to be alone with you
