

Breathe into Me

Marian Hill

What I am, you're invited,
Simply, you gotta try this.
Just light up and take a breath,
Roll it until there's nothing left.
Look in my eyes,
And breathe into me.(Chorus)
Breathe into me x4Taste my breath,
Do you like it.
What comes next,
You decide it.
Tease you with my fingertips,
Play with the haste that's on my lips.
Hold me closer,
And breathe into me.(Chorus)
