Don't Talk

Stylo-G

Excuse me, love
Can I come dance with you?
Uh, yeah
2000, Jon B ish uh yeah
All you people in the club feelin' it
Yeah, come on baby now
Baby I had to stop for a second on the balcony
Scopin' you down, you're lookin' fly to me
All dressed up and buying your own drinks
And that ain't right
Not that you can't handle it on your own
But your too damn fly to drink all alone
Can I come bubble with you?
To you, I'mma make a toast, come on
Don't talk
Baby just move with me
Take a sip
Kind of got you feelin' fizzy
It's alright, so rock with me
If it's alright with you, oh baby
Don't talk
Baby just move with me
Take a sip
Kind of got you feelin' fizzy
It's alright, so rock with me
If it's alright with you, oh baby
Baby, you got me high dancin' close with the
Kana perfume, smellin' all good, It's gettin' hot in
The room, All pressed on you
And I know you feel it to
And that's alright
Pardon me, I'mma back up and be a gentleman
And if it's really real then you can tell me when
And that's when she pulled me close and said "Do it again", come on
Don't talk
Baby just move with me
Take a sip
Kind of got you feelin' fizzy
It's alright, so rock with me

If it's alright with you, oh baby
Don't talk
Baby just move with me
Take a sip
Kind of got you feelin' fizzy
It's alright, so rock with me
If it's alright with you, oh baby
Come on baby now
Come on baby now
Come on baby now
Girl it's alright to relax your mind
'Cause you came out to enjoy yourself
It's on you and nobody else
Come on and bubble with me, baby
Don't talk
Baby just move with me
Take a sip
Kind of got you feelin' fizzy
It's alright, so rock with me
If it's alright with you, oh baby
Don't talk
Baby just move with me
Take a sip
Kind of got you feelin' fizzy
It's alright, so rock with me
If it's alright with you, oh baby
Don't talk
Baby just move with me
Take a sip
Kind of got you feelin' fizzy
It's alright, so rock with me
If it's alright with you, oh baby
