

Oh Mary

Kula Shaker

well in your head you can go anywhere
didn't you know that
you can even go to the edge
to the edge of the universe
in your head
you will never get there in a box
or in a spaceship, whatever they calltasted into my spirit
you tasted a dangerous love
you turned deep,
now you can't sleep
oh Mary what you done
and you can tell your daddy
he will never understand
this girls has gone wild
she's filled with child
oh Mary what you done
oh Mary what you donetense down gallantly
but you got more than you bargained for
oh Mary what you done
oh Mary what you donewhen you lie to yourself
thinking you don't need nobody else
lying to yourself
to yourselfit's a dangerous love
when the kiss of bliss is not enough
lying to yourself
to yourself
now you are every women
now you are a goddess of love
they can feel your power
bring forth the flower
oh Mary what you done
oh Mary what you done'cause all is well
in Heaven and Hell
oh Mary what you done
oh Mary what you done
oh Mary what you done
