

# Time Well Wasted

[Brad Paisley](#)

I could've been workin' overtime  
Or at home tryin' to make that truck run right  
Instead of wadin' out in that stream  
All day long barely catchin' a thing, just me and dad  
I'm glad he talked me in to that  
It was time well wasted and there's no way I trade  
A few more dollars in my pocket I could've spent  
For a day that I'll never forget, no, I didn't get a thing done  
But I sure soaked up every minute of the memory we were makin'  
And I count it all as time well wasted  
Those leaves were a foot deep in the yard  
And 'Wash me' was written all over the car  
But watchin' movies all day with you  
Wasn't on my list of things to do but we laid  
On that couch, girl we never left the house

It was time well wasted and there's no way I trade  
A few more things that I could've crossed off my list  
For a day that I'll never forget, no, I didn't get a thing done  
But I sure soaked up every minute of the memory we were makin'  
And I count it all as time well wasted  
This world spins too fast if you let it  
There's always one more thing to do  
Lookin' back I never have regretted  
Takin' off early, callin' in sick  
And lovin' away a Sunday afternoon  
It was time well wasted and there's no way I trade  
A few more dollars or things crossed off my list  
For a day that I'll never forget, no, I didn't get a thing done  
But I sure soaked up every minute of the memory we were makin'  
And I count it all as time well wasted, I count it all as time well wasted
