

# Deathless

## Revocation

Driven off course

Embrace entropy, a life of chaos

So many diverging paths with so many dead ends

An oath of blood

A pact of the initiated

For this life we've been condemnedFree from the shackles of conformity

With reckless abandon we shun stability

Traversing day and night across expanses vast

We journey forth with the strength of the wind at our backsDeathless, the fire burns on and on

Ceaseless, we ride into the dawn

No turning back, we're too far gone

Deathless, the fire burnsNight after night

Witness the decibel ritual

Sacrificing ourselves upon this altar of sin

Nocturnally devoted to the cause of blasphemy

Heathens awaiting the black mass to beginFree from the shackles of conformity

With reckless abandon we shun stability

Traversing day and night across expanses vast

We journey forth with the strength of the wind at our backsDeathless, the fire burns on and on

Ceaseless, we ride into the dawn

No turning back, we're too far gone

Deathless, the fire burnsIt was never a choice

No glory for madmen

The blood of the insane boils in our veins

Through all the trials and tribulations

Still we remainLet's rideDeathless, the fire burns on and on

Ceaseless, we ride into the dawn

No turning back, we're too far gone

Deathless, deathless
