

# Dead Silence

## Fakkah

You'll never figure this out  
This is the reason the world  
Is filled with doubt  
You'll never figure this out  
This is the reason the world  
Won't shut their mouth  
Shut your fucking mouth  
Who the fuck do you think you are?  
I am willing to listen but I'm not willing  
To follow these hollow words  
They kill, they rape  
They destroy everything  
Stop wasting your life  
Telling me when I'll lose mine  
Your words will be erased  
When I seal your mouth  
And pull your tongue right  
Through your throat  
We are the ones who control our lives  
Never let them decide  
When we will meet our demise

We refuse these lies  
You'll never figure this out  
Who the fuck do you think we are?  
How can you sit there and tell us  
When we will die, then it fails us again  
You bleed, we bleed  
What's the point of these lies?  
Stop wasting your life  
Telling me when I'll lose mine  
You'll never figure this out  
You'll never figure this out  
How can you be one with the dead  
When you're split in fucking two?  
How can you be one with the dead  
When you're split in fucking two?  
How can you be one with the dead?  
It's better left unsaid

We are the ones who control our lives  
Never let them decide  
When we will meet our demise  
We refuse these lies
