

# Just Like Me

Hawk Nelson

She shows up nervously and says  
It's time we settle up the score  
'Cause all the things that I regret  
Are all the things I've said before  
Hard to ignore, I'd like you even more  
But you're just like me  
I talk behind your back from this confidence I lack  
(You're just like me)  
Now is the time to make things right  
And you're just like me  
(Just like me, just like me)  
You're just like me  
(Just like me, just like me)  
I wanna sever all the ties that keep me  
Bound throughout the night  
But if I gossip all the time  
These knots will never come untied  
Thinking of myself, me, nobody else  
And you're just like me  
I talk behind your back from this confidence I lack  
(You're just like me)  
Now is the time to make things right  
And you're just like me  
(Just like me, just like me)  
Yeah, you're just like me  
(Just like me, just like me)  
You're not alone, you're not alone  
You know we all are guilty  
Join in the song and sing along  
And sing the chorus with me  
You're not alone, you're not alone  
You know we all are guilty  
Join in the song and sing along  
Sing the chorus with me  
I talk behind your back from this confidence I lack  
(You're just like me)  
Now is the time to make things right  
And you're just like me  
(Just like me, just like me)  
You're just like me  
(Just like me, just like me)  
You're just like me
