

# Phoenix

## Cady Groves

Phoenix was a bust.  
Everything I left my life for just blew up.  
The door just literally closed on you, on me,  
And the person that you chose to be.

You left me wide-eyed, waiting all summer  
For you to come back form California and,  
And make the move to seal the deal on you and me.

We made it one month, till you started pushing  
On the part of your life you really know you shouldn't.  
And it was clear you regretted coming here with me.

You left me close-eyed, so I wouldn't see  
Soon after I was swallowed by the city and spit out,  
Spit out.

I had invested all of my trust.  
It was never if, it was when you were gonna leave.  
This heart just wants to go back to you, to me,  
To us before we went to AZ.

You left me wide-eyed, waiting all summer  
For you to come back form California and,  
And make the move to seal the deal on you and me.

We made it one month till you started pushing  
On the part of your life you really know you shouldn't.  
And it was clear you regretted coming here with me.

You left me close-eyed, so I wouldn't see  
Soon after I was swallowed by the city and spit out,  
Spit out.
