

I Wanna Love You

The Maine

Advisory - the following lyrics contain explicit language:

Convicts Music

And you know we up front I see you winding, grinding up on that pole
I know you see me looking at you and you already know
I wanna love you, you already know
I wanna love you, you already know Money in the air is more fell
Grab you by your coattail
Take you to the motel
Hoe sale, don't tell, won't tell Baby say I don't talk girl unless you told on me
Baby stick on me, I'm gonna stick on you
And if you pick me, then baby I'll pick you
D-O-Double-G, I'm gonna put it on you I see you winding, grinding up on that pole
I know you see me looking at you and you already know I wanna love you
(Love you)
You already know I wanna love you
(Love you)
You already know Mobbing through the club and I'm pressing
I'm sitting back in the smoker's section
Bird's eye, I've got a clear view
You can't see me but I can see you It's cool, we jet, the mood is set
Your lips are wet
You're rubbing your back
And touching your neck
Your body's moving I see you winding, grinding up on that pole
I know you see me looking at you and you already know I wanna love you
(Love you)
You already know I wanna love you
(Love you)
You already know And you know my pedigree
Used to move phetamines
And I'm loving the way you shake your ass
In those jeans I see you winding, grinding up on that pole
I know you see me looking at you and you already know I wanna love you

(Love you)
You already know I wanna love you
(Love you) I see you winding, grinding up on that pole
I know you see me looking at you and you already know I wanna love you
(Love you)
You already know I wanna love you
(Love you)
You already know
