

For God and Country

The Smashing Pumpkins

I want to live for God and country
I want to give for God and country
 It's too late for some
It's too late for what you've done
I can't help what I divide in you
 For God and country, I'll fight
 For God and country, I'll die
 For God and country
My soul is so alive, my soul is so alive
 Lay down your arms to me
Lay down your arms for God and country
 I want to live
 Where no one's watching my way home
I want to give until I'm bursting with unknown
 It's too late for some
 It's too late for everyone
I can't help what I destroy in you
 Well, who needs this anymore?
 Come on, make it so
They went and built their cross of death
 You won't build your own

 It's time to wake up
 It's time to wake up for good
I can't help you though I should
 For God and country, we'll fight
 For God and country, we'll die
 For God and country
My soul is so alive, my soul is so alive
 Lay down your arms to me
Lay down your arms for God and country
 You can't deny God and country
 We're fighting for our lives
 You can't deny God and country
 Our souls are so aligned
In this time of God and country
 We'll take you on our side
 It's alright
 My soul is so alive

With God and night
With God and country
My soul is so alive
