

Happy

Bruce Springsteen

Some need gold and some need diamond rings
Or a drug to take away the pain that living brings
 Promise of a better world to come
 When whatever here is done
I don't need that sky of blue, babe
 All I know since I found you
I'm happy when I'm in your arms
 Happy, darling, come the dark
 Happy when I taste your kiss
I'm happy in a love like this There's a house upon a distant hill
 Where you can hear the laughter of children ring
 Guardian angels, they watch from above
 Guarding over the love that they bring
 But at night I feel the darkness near
 And I awake and I find you near
I'm happy with you in my arms
 Happy with you in my heart
 Happy when I taste your kiss
I'm happy in a love like this In a world of doubt and fear
 I wake at night and reach to find you near
 Lost in a dream, you caught me as I fell
I want more than just a dream to tell Born in this world, darling, with few days
 And trouble never far behind
Man and woman circle each other in a cage
 A cage that's been handed down the line
Lost and running 'neath a million dead stars
Tonight let's shed our skins and slip these bars
 Happy in each other's arms
 Happy baby, come the dark
 Happy in each other's kiss
I m happy in a love like this
