Eye Of The Storm

Kingswood

I know you feel that our love will survive and grow
I know you feel the deeper the ocean,
The brighter the light we have can glow
In the eye of the storm,
Humans evolveI know you feel that our love will survive and grow
I know you feel the deeper the ocean,
The brighter the light we have can glow
In the eye of the storm,
Humans evolve
And when your blood turns to stone,
This love will dissolveYou keep me suspended on the strings from your heart
A sentimental retraction when you feel it's too hard
You can't take it upon yourself to just let me go
I cut myself free and you'll be aloneYou keep me suspended on the strings from your heart
A sentimental retraction when you feel it's too hard
You can't take it upon yourself to just let me go
I cut myself free and you'll be aloneYou keep me suspended on the strings from your heart
A sentimental retraction when you feel it's too hard
You can't take it upon yourself to just let me go
I cut myself free and you'll be aloneYou keep me suspended on the strings from your heart
A sentimental retraction when you feel it's too hard
If you can't take it upon yourself to just let me go
I'll cut myself free and you'll be aloneI know you feel that our love will survive and grow
