Try a Little Tenderness

Chris Brown

Oh, she may be weary
And young girls, they do get weary
Wearing the same old shabby dress, oh yeah

Oh, when she gets weary

Try a little tenderness, oh yes, oh yes, oh You know she's waiting, oh, just anticipating, oh

For the things she'll never possess, oh no, no

Oh, while she's there waiting, there without them

Try, oh just a little, oh just a little, little tenderness

That's what I said, a little tendernessOh, na, na, na, na, na, na

It's all you got to do, it's not

Oh, just sentimental noShe has, she has, she has her griefs and cares, oh

But the soft words, they spoke so gentle, yeah

And it makes it easier, easier to bearHey, you won't regret it, no

Them young girls, they don't forget it

Love is their own, their own happiness

Oh, but it's all, it's all so simple now

All you got to do is try a little tendernessOh, won't you show her, won't you show her

That you love her?

Hey, you wanna squeeze her, don't tease her

Never leave her, you've gotta, won't you, won't you tryJust try a little tenderness

Hey, you gotta show her that you want it

No one above her nowSqueeze her, don't tease her

Never leave her, hold her, grab her softly now

And try a little tendernessHey, you outta listen to me

Don't leave, don't cheat her now

Squeeze her, don't cheat her

Never leave her, gotta show it, na, na, na, heyHey, hey, you gotta know what to do

Don't be a fool, you need to try it nowJust try a little tenderness

A little tenderness

Just take it from me

You don't wanna let her leave, oh noSqueeze her, don't tease, never leave

You've gotta, won't you try?

Just try, just try a little tenderness

Is there a witness in the building tonight, hey, heyYou've gotta, won't you, won't you try?

Just try a little tenderness

say it with me, say it with me, try a little tender, tender, tendernessYou wanna squeeze her, don't tease her

Never leave her, hold her, grab her softly now

Just try a little, just try a little, just try a little, oh noHey, hey, hey, just try, just try, just try, wooo

You wanna squeeze her, don't tease her

Can you hear what I'm saying? 'Cos even won't you just, just try, oh
