

When I Look at You

[Nick Roes](#)

When I look at you
Itâ€™s all my dreams come true,
And when you walk my way,
I hear the music start to play.
I know itâ€™s all been said before but
I guess Iâ€™ll say it again,
Youâ€™re a lover and a friend.

When I look at you
Nothing else Iâ€™d rather do,
And when you flash that smile
I know Iâ€™m going in style.
I know itâ€™s all been said before but
I guess Iâ€™ll say it again,
Youâ€™re my lover and my friend.

When I look at you
Itâ€™s all my dreams come true,
And as we walk through time,
Love makes ours from yours and mine.
I know itâ€™s all been said before but
I guess Iâ€™ll say it again,
Iâ€™ll be your lover and your friend.
When I look at youâ€™
