

# Shadows Over Transylvania

## Dark Funeral

Moonlight...  
Descends in the land of shadow  
Full moon is rising  
Over blood red skiesWolves...  
Cries in the freezing night  
Gathered in twilight  
To summon the master belowRising shadows  
Over blood red skiesMournful cries  
Through the darkened nightDarkness...  
Spreads in a shape of evil  
Over the rising kingdom  
TransylvaniaShadow...  
Surrounds the ancient castle  
The palace of death far away  
Where no light existsIn the realms of Transylvania  
Purest blood shall flow  
Mortals shall feed  
Hunger undead soulsShadows...  
Over TransylvaniaDarkness...  
In the land of frostWhispers...  
In the winds of evilStorms...  
In the blood red skiesShadows...  
Shadows...  
Shadows...  
Shadows...
