

It Wrecks Me

Sunny Sweeney

Advisory - the following lyrics contain explicit language:

I know I'm one that you love
Just not the only one
You say that you can't resist me
I know I should just break and run But I won't till I figure all this out
And I can't cause there's a chance
We could make it all work out Till now I've never had a broken heart in my life
Never had a pain so dark and deep that it doesn't help to cry
How could I want a sin to protect me
It hurts like hell but it ressurects me
Then it's time for you to go home
It wrecks me You're everything I've been missing
I can't get you off my mind
I know its wrong Baby, when we're kissing,
I tell my heart everytime
But it won't stop beatin' for you
And it can't cause there's a chance we might make it through Till now I've never had a broken heart in my life
Never had a pain so dark and deep that it doesn't help to cry
How could I want a sin to protect me
It hurts like hell but it ressurects me
Then it's time for you to go home
It wrecks me I know you have more to lose
I think about it every day
And no matter who you choose,
I love you either way Till now I've never had a broken heart in my life
Never had a pain so dark and deep that it doesn't help to cry
How could I want a sin to protect me
It hurts like hell but it ressurects me
Then it's time for you to go home
It wrecks me It Wrecks Me
