Go Away

Echobelly

Here it comes the fool's parade
Another clueless masquerade
And theyre way too slow, a waste of space
Yes, theyre way too slow, get out of my wayGo away
(In the way, in the way, in the way)
In my way
(In my way, in my way, in my way)
Go away
(Go away, in the way, in the way, oh)Here we go on a suckers ride
Hearts and minds are paralyzed
And theyre way too stupid, theyll be just fine
Yes, theyre way too stupid, a waste of timeEverybodys looking for something
Everybodys looking for clue
And theyre way too late, they missed the news
And they think theyre great with their fucked up points of viewIn my way
(In my way, in my way, in my way)
In my way
(In my way, in my way, in my way)
Go away
(Go away, in the way, in the way, in the way oh)All because you thought for yourself now
Naughty girl you thought for yourself nowGo away
Go away
Go awayGo away, go away
Go away, go away
Go away
